Mickey,

I did send her an email from the system requesting documents. Let me jump in the system and check. Also the meeting you want to set for a checkin would you like today sometime tomorrow or next week?

Steven

Jus FYI. That link you sent to Jacalen in the below email only works for EPA on VPN. Doesn't work for outside partners. FYI only.

Sincerely,
Mickey

Jacalen,

I sent you an email for an FTP site for you to upload to. Check your spam box as it will not come from an EPA email. The link that is attached should be <https://newftp.epa.gov/>
Thank you,
Steven

Subject: RE: Electron Inspection Reports

Here are a few recent documents/letters from the Corps (this doesn't include what Electron has sent to us - which we will try and provide a complete record to date on the FTP site):

EH0006176

1. Compliance MFR
2. Letter to Electron dated 7 Aug 2020
3. Follow up letter to Electron dated 13 Aug 2020
4. Site Stabilization letter and fish ladder letters dated 02 Sept 2020
5. Approval for minimal work allowed 12 Sept 2020 (with reference to Pierce County's letter dated 11 Sept 2020)

Thanks!
Jacalen

Steven: Please send Jacalen a link to GoAnywhere.

Jacalen: Nothing attached. Please note, when Steven sends the link, it will come from GoAnywhere (not Steven/EPA). And yes, EPA will continue to coordinate through you. Thanks!

Sincerely,
Mickey

Here is our compliance MFR and site photos we received. We did get the previous admin record scanned and have several subsequent letters to Electron. We will need the FTP site link.

You can continue to coordinate with me in general on this - Jessie is helping with congressional briefings and outreach. Hope that helps!

Thanks!
Jacalen

Jacalen: Will you please send the inspection reports when you get a chance. If there's bulk information you want to share (more than 10 MB), we can send you a link to our FTP site. Thanks.

Sincerely,
Mickey
